LANGUAGES

French – Mother tongue
English – Full Professional Proficiency

PROFIL

Passionate about solving puzzles and challenges, I changed my career to become a web developer after five years working on the international development of the largest French companies (CAC40).

I am looking for a Full Stack Developer position that would challenge my seriousness and my investigative skills.

SKILLS

- Front-end: HTML5, CSS3, Javascript ES6+
- Back-end: PHP7, SQL
- Framemorks: Symfony 5
- Librairies & CMS: React, Bootstrap, jQuery, Wordpress
- Technologies: AJAX, canevas, svg, etc.
- Database management: PHPMyAdmin, MySQL (LAMPP, XAMPP)
- Version control: Git & GitHub
- Initiation to Docker
- Procedural programming and OOP (Object-oriented programming)

PROJECTS

- Designing of a Tic-Tac-Toe on React
- Creation of a website using Symfony 5 to manage teams of a skirmish tabletop war game
- Development of my online resume using Bootstrap and Sass
- Establishment of a website allowing registered users to randomly generate trips based on a departure and an arrival address or their position; integration of a developed administration interface (JavaScript, PHP, SQL; procedural programming)
- Development, with an MVC framework, of a restaurant's website with reservation, ordering, registration and connection systems
- Creation of a carousel in JavaScript
- Development of a web application making it possible to identify in real time the places available in bicycle stations through the use of a web API (JavaScript, jQuery)

PROFESSIONAL EXPERIENCE

Consultant in international development

Square Strategy (consulting firm) | **2014 – 2020**

- Management of six consultants (in France and Morocco) and supervision of about one hundred correspondents worldwide
- Collection and analyse of strategic information for the international groups (CAC40) and large SMEs
- Conduction of more than 200 partners vettings and strategic studies per year , mainly in Africa, Russia & CEI and Middle East

Project manager

Center for High Studies of the French Home Office (CHEMI) (Home Office) | **2013**

- Organization of trainings for senior executives and managers of the French Home Office
